About this learning activity

A Taste of Agile is designed to provide a basic awareness of Agile work methods, and how you can use them to change the way you work in academics, on the job, or even in your personal life. The course provides a foundational understanding of the values, principles, practices, and patterns of Agile, and the team dynamics that create success.

A Taste of Agile is appropriate for everyone: students, workforce-facing team members, executives, managers, and practitioners.

Badge me! This course is the first of three in the Agile Explorer series. Complete all three courses and earn the **Agile Explorer** badge!

About this learning activity

Agile Program Fundamentals is designed to help project teams develop the foundational skills to plan, structure, and deliver on programs and projects incrementally and iteratively. This course builds on the foundational awareness from *A Taste of Agile* and *Agile Operations Fundamentals*. You will learn the project pattern and receive guidance on recommended practices, tools, and techniques that align to the core Agile values and principles.

Agile Program Fundamentals is appropriate for everyone: students, workforce-facing team members, executives, managers, and practitioners.

Badge me! This course is the third of three in the Agile Explorer series. Complete all three courses and earn

About this learning activity

Agile Operations Fundamentals is designed to help operational teams develop the foundational skills to plan, structure, deliver, monitor, and improve on operational activities and processes. These skills can be used in school, on the job, and in your personal life. This course builds on the foundational awareness from *A Taste of Agile*, through an operations pattern that provides guidance on recommended practices, tools, and techniques that align to the core Agile values and principles.

Agile Operations Fundamentals is appropriate for everyone: students, workforce-facing team members, executives, managers, and practitioners.

About this learning activity

Are you curious about mindfulness? In this course, learners develop an understanding of mindfulness concepts and techniques. They also learn how to further develop focus and self-awareness and how to apply mindfulness practices in various situations. Badge earners can use these skills as a foundation for further study in mindfulness and to apply mental and emotional management in any career path they choose.

Complete the course and earn the SkillsBuild **Explorations into Mindfulness** badge, co-created by IBM and the University of Oxford Mindfulness Centre.

Duration: Complete this course and earn 3 hours of learning credit!
